

# RETRAX™

BLUETOOTH® RETRACTABLE EARBUDS HEADSET

## MANUAL

### Charging The Bluetooth Headphones

-To charge your Xtreme RETRAX Bluetooth headphones, connect the supplied cable to the Micro-USB (7) charging port and connect the other end to a USB power outlet (5V adaptor not included) for a minimum of 3 hours

- For best performance, Please make sure battery is fully charged before use.

### Operating Bluetooth headphones

1. Turn the RETRAX headphones on by sliding the power switch to the ON position (1)
2. The headphones will enter pairing mode. The LED (6) will flash red and blue. Enable Bluetooth search mode on your audio device and search for pairing name RETRAX and select it on your audio device. Once the Xtreme Retrax Bluetooth headphones has successfully connected, device will state that the device has been connected. The LED (6) will flash blue.
3. Press the Answer/End button (2) to answer and end calls. Double press, to redial the last number called.
4. To change to the next track, slide the Next/Previous slider button (3) to the "▶▶" position. To go to the previous track, slide the button to the "◀◀" position.
5. Press the "▶||" button (4) to pause and play music.
6. To lower volume, slide the Volume slider button (5) to the "-" position, to raise the volume, slide the button to the "+" position.
7. To power down the headphones, slide the power switch (1) to the "OFF" position. The device will state "Power Off" and the LED (6) will remain off.
